## BETTER METHODS OF MANAGING COSTS

Office Depot is a part of your search for original design. They want to help understand the right approach of the way you consume healthcare equipment. Office Depot's flexibility, availability and dependability combined with their volume of the most current "in-stock" supply chain efficiency, continues to help "keep high quality as an affordable business partner."

- Private Branded Offerings
- QPO Relationships
- Comprehensive usage and tracking reports

**DIVERSITY**

The Supply Chain Diversity program creates productive, collaborative relationships that enable us to provide our customers with a broader range of resources and offer the diversity solutions, tailored to meet your specific needs. The program components include:

- Our One-Source Results Program - Our products identify from Office Depot Diversity Partners.
- Product Diversity - Buy products from diversity vendors through Office Depot.
- Supplier Diversity - Offer a larger product portfolio and services from WBE businesses for our mutual use.

For more information on Office Depot's Diversity solutions, please visit [www.officedepot.com/diversity](http://www.officedepot.com/diversity)

**MARKETING TOOLS**

Perfect for recruiting staff, motivating employees, and building awareness of your services within your community.
